FORECAST OF CHANGE IN THE TRAIN SERVICE

A radical change in the Canadian National train service will be made Monday May 3rd. The full details of which have not yet been made known. The following changes are forecasted from an official source, but are not to be regarded as being finally settled upon.

The two trains, commonly called "locals" will run right through between Winnipeg and Edmonton, possibly from Toronto to Prince Rupert. Their timing will be approximately:-

No. 3 (Westbound)
Leave Winnipeg 2.30 p.m.
Arrive Saskatoon 7.20 a.m.
At Chauvin about 2 p.m.
Arrive Edmonton 8.25 p.m.
No. 4 (Eastbound)
Leave Edmonton 8.50 a.m.
At Chauvin about 3.15 p.m.
Arrive Saskatoon 9.30 p.m.
Arrive Winnipeg 3.50 p.m.
These trains will carry the mail, and the postal service will be changed in accordance with the above.

No official announcement is yet made regarding trains No. 1 and No. 2. These run directly between Montreal and Vancouver. (We wish every reader to clearly understand that the times given above, though from an official source, are not final, and are subject to change before being put into effect.)

Don't blame the Chronicle for any misunderstanding).

LETTERS TO THE EDITOR

Re CHAUVIN ORCHESTRA

Editor:
Dear Sir:-
Might I use the medium of your valuable paper to correct a rumour going the rounds to the effect that the Chauvin Orchestra has gone out of business.
I would like to say for the benefit of those responsible for sending the rumour around that we are still on the job and open for engagements.

Yours truly,
W. J. CURRIE,
Leader Chauvin Orchestra

SHERLOCK LAKE SCHOOL DISTRICT No. 3572

TENDERS

Tenders will be received by the Secretary-Treasurer of the Sherlock Lake S. D. until the 15th of April 1925 for the following material delivered on school site, N.W. 1/4 11-44-28 W3rd.
12 yards rock 6 to 8 inches in diameter; 34 yards gravel; 5 yards of sand.

The lowest or any tender not necessarily accepted.

S. SWINDELL,
Secretary-Treasurer
R. R. 1, Artland

TO RAISE FUNDS FOR CHAUVIN SCHOOL SUMMER SPORTS EQUIPMENT

The pupils of the Chauvin High School are making a special effort to obtain funds for the purchase of the necessary equipment for summer sports, such as basketball, baseball and other forms of sports. With this end in view they have rented the I.O.O.F. Hall for Monday Evening, April 13th.

The first part of the program to which the admission is free, is a musical recital by the students of the three local ladies who are giving music lessons. Mrs. H. N. Freeman, Mrs. G. McNutt and Mrs. D. W. Parcels.

Immediately following this recital there will be a novelty dance comprising a full program of old and new dances, at which the Chauvin High School Orchestra will provide much of the music. Their efforts in this direction will be supplemented by local musicians. The hall will be specially decorated and no effort will be spared to make this a very memorable event.

MILLINERY OPENING

Miss Coleman, of Wainwright, will make her first spring visit to Chauvin on Saturday April 11, with a very up-to-date stock of spring millinery at moderate prices.

ALBERTA'S COAL PRODUCTION

The total production of coal in Alberta during the past year shows a reduction of from 6,866,924 tons in 1923 to 5,203,717 tons in 1924. The falling off in production is attributed to the mine strike during the summer.

A new shipment of genuine Parker fountain pens—a real pen—Toronto prices. The Chauvin Pharmacy.

EDGERTON PIONEER PASSES

The people of the Edgerton district were shocked and saddened to learn of the death of Hugh B. Thomas, J.P., an old timer of that community who passed away at the Royal Alexander Hospital, Edmonton, Tuesday March 24th at 11.10 p.m. The deceased gentleman had enjoyed good health to within a few days of his death. Born in New York city, March 29th 1861 Mr. Thomas spent upward of thirty years in the business life of that city, and Cleveland, Ohio in which latter city he was a member of the Chamber of Commerce. He came west for his health in July 1906 and located on a farm 13 miles N.E. of Edgerton where he had resided ever since. The remains were forwarded to Edgerton from Andrew Bros, Undertaking Parlos on Friday morning's flyer. The funeral service was conducted from the Edgerton Church Friday afternoon at 3 o'clock in charge of Mr. Joseph C. McCleod of Wainwright, the edifice being crowded to capacity, many having to stand outside. Rev. Smith chose as his text the 103rd psalm made in the 17th century. 15-16 verses. Interment was Messrs. A. Lawrence, O. Aasen, H. Warrington, Heard Bros, and G. McBeth acted as pall-bearers.

Beside his widow, Mr. Thomas leaves to mourn his loss seven children; Hugh, Richard, George, Mrs. H. Johnson, Elizabeth, Fanny and Jane, all of Edgerton.

A brother-in-law of Portland Oregon and a sister Mrs. Thompson Graham of Chowchilla, California also survive.

CARD OF THANKS

The family of the late H. B. Thomas wish to thank their many friends and the people of the Edgerton district for the expressions of sympathy and kindness shown them during their recent bereavement of husband and father. Also to Reverend Smith for his words of comfort, to Mrs. Smith for her services rendered at the organ, to Mr. J. C. McCleod of Wainwright and to all who in any way showed their respect by presence at the funeral.

(Signed) The H. B. THOMAS,
FAMILY
of Edgerton

GOPHER POISON SEASON IS HERE AGAIN

Gophers; Strychnine; and Nicholson's My Own all in stock, and ready for your use.
Strychnine has dropped considerably and to where you can't afford to go without it. 90c. per ounce is the present price. Considering that an ounce of strychnine will poison almost a bushel of grain, that makes pretty cheap gopher poison. Another case where it pays to "Shop in Chauvin" The Chauvin Pharmacy.

CANADIAN CATTLE EXPORT TO BRITAIN GAINS 50 PER CENT

An increase of approximately fifty per cent. has taken place in the live cattle exports to the United Kingdom in 1925, as compared with the early months of the preceding year. Up to March 19, the exports of cattle in 1925 were 14,662 head; in 1924, 10,531 head; and in 1923, 9,511 head. At the rate of twenty dollars per head, this shows a revenue to the shipping companies of \$298,240 for the present year.

NOMINATION MEETING IS HELD AT RIBSTONE

The nomination meeting for nomination of candidates for the office of councillor for division five of the Rural Municipality of Ribstone was held at Ribstone on April 1st at two o'clock in the afternoon. Returning officer Mr. T. W. Nelson occupied the chair and called for nominations for the office of councillor for division number five, owing to the vacancy caused by the absence of Councillor R. McCuskey.

There were about fifteen taxpayers present. Owing to Mr. Reinhardt being desirous of holding the polling station at his farm, after some discussion Reeve Ferguson appointed the farm of J. Osborne, S. E. 22-42-34, as the polling station for division five, instead of the one already advertised.

At the expiry of the prescribed time, the returning officer stated that the following had been nominated:-

John McCuskey
Charles Atkinson
and stated that there would be an election in division five on Wednesday the 8th day of April, from 9 o'clock a.m. until 5 o'clock p.m., and that the polling station would be held at the farm of J. Osborne on section S. E. 22-42-34, and not as previously advertised.

Returning officer then declared the meeting adjourned.

EDINGLASSIE U. F. A.

The next meeting of the Edinglassie U.F.A. will be held in the schoolhouse Thursday, April 9th. A social will follow the business meeting. Every member is requested to attend.

MUSICAL RECITAL

A Musical Recital will be given by the pupils of Mrs. Freeman, Mrs. McNutt and Mrs. D. W. Parcels on Easter Monday evening at 7.30 to 9.30, in the I.O.O.F. Hall. All interested in music are invited to be present. This will be followed by a dance given by Chauvin High School Orchestra.

For Easter vegetables and fruits go to Saker's.

PURE SEED OATS AVAILABLE

The provincial government co-operative seed plant at Edmonton has a considerable quantity of registered seed oats available at prices now ranging from 75 cents to \$1.00 a bushel. It is possible that these prices may go higher, and farmers in Alberta are urged to make their application for seed oats at once, as a large number of enquiries for the oats are being received from outside the province, and the government is anxious that Alberta farmers have the first opportunity of securing them.

WESTMINSTER CHURCH ANNUAL MEETING

The annual meeting of the Westminster church was held at the conclusion of the service last Sunday evening. Mr. D. Bisset occupied the chair. The annual reports of the Sunday School, the Westminster Ladies Auxiliary, and the managers were read and adopted. Mrs. McNutt reported that as a result of her canvass the required quota had been promised with the exception of about \$70 which was still needed.

EDINGLASSIE CHURCH MEETING

The annual meeting of the Edinglassie congregation was held Sunday, March 22nd. At the request of the chairman of the board Rev. MacSwiney occupied the chair. After reading and adoption of the annual reports the old board were re-elected for the coming year; viz: P. H. Perry (chairman); John Murray; John Taylor; William Purrie.

The financial report for the closing year was encouraging, and it was decided to do their best to raise the increased quota required for the year 1925.

Canvassing the Edinglassie field with the object of raising the increased quota required is now in progress, and it is expected that these efforts will be successful.

Man in the Moon is at the Chauvin Pharmacy. You can get him for 10c

SHERLOCK LAKE SCHOOL DISTRICT, No. 3572

TENDERS

Tenders will be received by the Secretary of Sherlock Lake S.D. No. 3572, for the Erection of a School house, 24 x 34 foot frame. Full concrete basement. Until April sixteenth noon, (opened 2 p.m.). Plans can be seen at the secretary's residence.

A marked cheque equal to five (5) percent of tender must accompany same.

The lowest or any tender not necessarily accepted.
S. R. SWINDELL, Sec-treas.

BROAD-CASTING

ALBERTA TALKS

The publicity branch of the provincial government is now broad-casting each week, from the broad-casting station of the Edmonton Journal. Instructional talks on the province of Alberta. Three of these talks have now been given. They are broad-cast each Thursday evening at ten o'clock.

DATES FOR CORN SHOW

Dates have been set for the corn show being planned by the Lethbridge board of trade the coming autumn. These dates will be November 17 and 18. Corn has come to be a substantial crop in Southern Alberta.

BEE-KEEPERS ORGANIZE

The bee-keepers of southern Alberta had a meeting recently and organized the Alberta Bee-keepers Association. There are now nearly 200 bee-keepers in the province, and last year some 55,000 pounds of honey was produced.

FIELD PEAS AS

A PRAIRIE CROP

(Experimental Farm Note)

Field peas are a sure crop, and well adapted to western climatic conditions. They can be grown profitably as a supplementary crop to other grains, and are gradually finding a place on the prairie farms. To obtain best results from the growing of field peas, it is of paramount importance to have an early variety and well-prepared, clean lands—summer-fallow preferred.

Field peas have been grown successfully in test and field lots at the Indian Head Experimental Farm since 1890. Like all other crops, however, the yield per acre depended on seasonal conditions and previous preparation of the soil. Under favourable conditions, as high as 49 bushels per acre have been harvested, while the average yield for the past five years is slightly higher than 30 bushels per acre.

Varieties recommended are MacKay, Chancellor and Golden Vine

For conditions prevailing in the Indian Head district, field peas can be grown most successfully when sown alone at the rate of 2 bushels to the acre. Sow as early in the spring as possible. However, field peas can be grown in conjunction with other grains.

preferably with oats. When sown with oats they can be used as a pasture or hay, which is relished by all classes of livestock. Field peas and oats make splendid silage for the winter feeding of cattle. On the other hand, the crop may be ripened and handled as a grain crop. The mixed pea and oat straw provides good fodder for cattle especially when chopped the pea straw, alone, is valuable and fed with ensilage, while for sheep feeding.

Aside from their feeding value as a grain and forage crop, field peas, ploughed down when in bloom may be used as green manure, and are especially valuable in renovating worn-out soils.

Field peas are a valuable farm crop, and from their many and varied uses, a limited area should be grown on almost every prairie farm.

IMMIGRANTS FOR ALBERTA

The Scottish Aid Society, through which the immigration to Canada of settlers from the Hebrides has been carried out, has, through the provisions of the Empire Settlement act, purchased 30,000 acres of land north of Vermilion, Alberta, on the line of the Canadian National Railways, on which it is proposed to settle 150 Hebridean families.

It's difficult to soothe the proud

BERKSHIRES vs YORKSHIRES

(Experimental Farm Note)

Some breeders believe that there is a wide difference in the quantity of feed required for the above mentioned breeds of swine. After carefully studying a mass of experimental data from different Experimental Farms it is evident that the difference in quantity of food for the growing pigs of those breeds is very slight.

The Yorkshire is more tender in the skin but is universally recognised as the outstanding bacon type breed. A test made at the Central Experimental Farm in 1920 showed the profits over feed costs to be greater in case of the Yorkshires than the Berkshires.

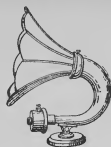

At Scott's feeding experiments with growing pigs would indicate that there is practically no difference in the feed requirement of the two breeds mentioned.

There is probably as much difference in strains and individuality within a brood of swine as there is between different breeds. This is true with any kind of livestock.

Don't glory in your faults. We like roses despite their thorns, not because of them.

Nothing turns a man's hair grey so quickly as trying to please a woman who does not know what she wants.

AT THE CHAUVIN CHRONICLE OFFICE

Chauvin, Alberta

EDITORIAL COMMENT

With the vanishing of the winter's coat of white snow the naked bareness of the premises and yards again appears, and all the old rubbish and ashes which have been hastily dumped during the cold weather are exposed to sight. What a resurrection of the unsightly it is.

It is not too early to get busy with the rake and wheelbarrow and much can be accomplished before the work on the fields begins in full force. This is a very necessary operation and should be done at once—"if not sooner." The reason for this is not entirely aesthetic; it is a prime necessity of health: it is a preventive against the harboring of untold millions of disease germ and their active carriers—the flies.

Without any shadow of doubt such action will do much to reduce the number of epidemic diseases which invade our community; and also to moderate the virulence of those which do get a foothold in our midst.

In these hard days it is not every man who can afford to spend much money in paint, no matter how necessary, or how much he may desire to do so. But every man can afford to spend one or two hours occasionally with hoe, rake and shovel and keep his side of the street trimmed up.

The edge of the sidewalks is a favorable place for the growth of all kinds of weeds, noxious and otherwise. During windy days the dust accumulates in these growths and gradually piles higher and higher until the street levels are destroyed. It makes a wonderful improvements in the appearance of the village if the streets are kept clean and well trimmed.

To put it plainly. The men of the congregation of the Westminster Church did not show up to full advantage at the church last Sunday evening, they displayed very strongly their disinclination to accept office and responsibility for carrying on the necessary detail work of the church. Though it is to be admitted that each one of these men would keenly regret cessation of church work in the community.

The fact of the matter is this disinclination to accept office has got to be a habit. It is observable, not only at church meetings, but at meetings to organize summer and winter sports, village and school meetings. The habit is not peculiar to Chauvin village, it is found elsewhere, but for all that it indicates a most undesirable attitude of mind, and one which retards in a very serious manner all effort for the betterment of the community.

It is a poor encouragement for a good preacher to determine to make this field his sphere of labor, if he finds he is surrounded by a bunch of men who so strongly indicate their disinclination to assume their proper share of the necessary work of the church. He may well ask himself what is the hope of successful labour in this field, and he may easily entertain some doubt whether or not he is regarded as the man desired to minister to the church in spiritual things.

There is no shadow of doubt that the Chauvin field is highly desirous of Rev. McSweeney making this his sphere of pastoral and ministerial work. Each section of this mission field has signified its wishes in this respect, the village no less than the rural congregations.

Having decided to shut up Government House and thus save a hypothetical \$20,000 per year, the majority in the Legislature promptly steam-rollered Mr. Davidson's other motion that the sessional indemnity should be cut down \$150 next year and \$100 the following year. The impulse to economy was not strong enough for that. It is one thing to save money by sacrificing a well established British precedent for which there are sound reasons. It is another matter to save public funds at the expense of one's own pocket. The representative of the King may live in a shack if he wants to or has to, seeing that he has to pay the rent himself in the future. But the majority members of the Legislature do not propose to endure hardships of their sessional duties unless they are well paid for it.—Edmonton Bulletin.

Some good immigration work could no doubt be done in the tornado stricken portion of the central states by distributing some facts about Alberta, the stormless country where a man can wake up and find his house on the same spot as it was when he went to bed.

The government seems to have an awful time trying to decide what to do with the million dollar liquor profits. Why not distribute it to the permit-holders?

Some men are so sympathetic that they are willing to share you with dollar with you.

We are told that we need bigger bombs to sink the bigger post-war battleships. And yet we superior humans have dared to laugh at the puppy chasing its tail.

Question ten men and nine of them will tell you that they don't get half of what they are entitled to in this world.

The time has come for us to avenge ourselves on the Chinese for the Mah Jong craze by sending over a shipload of cross-word puzzle blanks.

EDGERTON ECHOES

It's too bad when the 'Echoist' cannot write clear enough so that it can be read. Our last week's 'Boho' re Mrs. Temple's Telegram should have read "in Wainwright on the 22nd April" and not on the 23rd as was printed in the last issue.

Russ Stratton and P. H. S. Bevington both returned last week from California after spending the winter there. They both praise that sunny state but still they are back to Alberta.

Man in the Moon only 10 cents at the Drug Store.

Mr. and Mrs. Beekwith and family left for their new home at Kinistino, Sask. last week where Mr. Beekwith will be in charge of Anglican church work.

The snow is fast disappearing and field work will soon be the order of the day. Moisture conditions should be excellent this spring as the water from the melting snow has soaked into the ground.

The W. A. held their monthly meeting at the home of Mrs. Davidson. Rug making was the principal order of the day and the willing workers willingly availed themselves of a dainty lunch after their labors.

The regular meeting of the W.I. was held last month at the home of Mrs. James Milne with Mrs. Milne and Mrs. Hallett as hostesses. The meeting was opened song "Where the River Shannon Flows."

The Roll call was answered by many gems of Irish wit. Minutes were read and approved and the report by the secretary of the sum of \$18.00 having been realized from the buffet lunch sold after Mr. Kennedy's play was also accepted.

A paper on the origin of St. Patrick was given by Mrs. Eakin. As a token of esteem from the Institute members, on account of Mrs. Eakin leaving the district, she was presented with a subscription to the Ladies Home Journal.

Current events were given by

Mrs. Kelly. A piano solo by Mrs. Smith and a vocal solo by Miss Trimmer also community singing were well received and enjoyed by all. The meeting adjourned and lunch was served by the hostesses.

Sammy Bishop and Alf Challenger were a tie when it comes to being classed as the first motorists of 1925. Both appeared Saturday afternoon. We do not believe it is real pleasant driving yet, quite, but it will improve as time goes on.

Man in the Moon: the latest candy novelty for Easter. 10c each. It will please the children. The Chauvin Pharmacy.

Get a Man in the Moon for Easter at The Chauvin Pharmacy

HIGH SCHOOL BREEZES

This week's Breezes was intended for poetry but somehow our poets were lazy and we haven't very much to show. Perhaps it's the nice spring weather that is having such a bad effect on us.

Lilly, Lilly, smart and silly How does your arithmetic go? With percentage signs and decimal marks

An fractions all in a row. "Shakespeare"

Who is the (f) who looked pett, With flashing eye and rosy cheek, With such short skirts and such big feet? Our — (guess

Who is the funny little chap, In knickers and the funny cap. Who's dimpled knees we long to slap

Our — ?

Norman: "The more I study the less I know".

Miss Todd: "You must be studying very hard".

Miss Todd "What is the liberty bell?"

Earl: "The bell after the first period."

To the average High School boy the dance steps are a mystery. Isn't it odd, though, how easy catch on to the holds? (hands).

Bill: "Say, Bell, Can you tell me this riddle, 'What can you find where it isn't?'"

Bill: "Oh, that's a hard one. I give up. What is it?"

Bill: "Fault, of course."

FRIENDS

The friends we make in childhood They don't amount to much, The friends we make in middle age,

Are only such and such. The friends we make in old age, Their numbers very few. But the friends we make at High School, Are the friends who're always true.

Big Ben Radiolite Alarm clocks — set the time in the dark, and keeps correct time both day and night. The Chauvin Pharmacy.

There is no extra charge for quality at Saker's.

CULTIVATORS: McCormick-Deering for all crops. One and two row, riding and walking, disk and surface cultivators. All varieties of shovels and beams. Also Lister Cultivators

THREE FURROW GANG PLOWS: The popular features of the P. & O. Two-furrow Diamond Gang Plow has resulted in a demand for a larger plow of the same design. The P. & O. Three Furrow Plow is easy to operate, powerful foot high-lift, automatic rear wheel control and light draft

CREAM SEPARATORS: McCormick-Deering Primrose, hand or power operated. Capacities 350, 450, 650, and 1000 lbs. Turns one-third easier than plain bearing machines

HARROWS & HARROW CARTS: Place your orders without delay for harrows of any description and save wasted time.

REPAIRS: We are better fitted than ever to give you good service in the matter of repairs

Parcels & Harris, Phone 11 Chauvin

LOCAL NOTES OF INTEREST

The directors of the Chauvin Agricultural Society held a busy session Saturday afternoon. Their chief business being revision of the annual fair list.

Driving over the trails last Saturday provided plenty of variety. One farmer assures us he knows of a snow-drift ten feet the tops off the trees. Anyway the trails are an alternation of dry spots and deep drifts.

The snow is rapidly melting and the water for the most part is sinking into the soil. Very little is running off into sloughs; and little moisture is being lost by evaporation.

How is your stock of stationery? We do printing of letterheads, statements, envelopes etc. Take stock of your needs and we will be pleased to quote you prices on anything you may need in this line.

The Chauvin Chronicle

Mrs. Smith, of Edmonton, was a visitor for a few days at the home of Mr. and Mrs. John Moir.

The Chauvin streets are rapidly drying up after the thaw.

The Prosperity teacher had a slight mishap last Friday afternoon whilst driving home from school. The cutter collided with and got caught in a bed spring

which had fallen from a load.

It took some half an hour before they got disentangled and could resume their homeward journey.

W. J. Cubitt has opened his new business establishment opposite the telephone office. We wish him every success.

There was a fair attendance at the dance given by the Chauvin Orchestra in the L. O. O. F. Hall folks, however, were chiefly conspicuous by their absence.

There was a large number present at the Luthy sale last week and every offering found a buyer.

Miss L. Teller has received word of the death of her mother Sunday morning, at Morinville.

Mr. and Mrs. W. O. Harris and family are now in residence in Chauvin.

I. E. Collette was the first Chauvinite to be out with his car. He appeared on the streets Saturday forenoon. J. Murray, of the local bank followed as a close second. Since then we have seen quite a number.

Parrels & Foxwell are shipping hogs and cattle from Chauvin on Monday, April 20th.

We are glad to record the return of Mr. Dave Hood from his trip to the Homeland. We understand that he has rented the G. M. Beattie farm.

Vital Cyr and family left for Oliver last Saturday evening. They have loaded three cars of effects, and intend to make their residence at the new location where several branches of the family are already located.

Another sign of spring. We notice that the tennis court is being used again; and we hear old cries of "love" and so forth.

A school district has just been formed north of the River including the section 2½ miles north of the river and extending as far east as the River Town.

Adjutant B. Bourne, of the Salvation Army, paid a flying visit to Chauvin last Thursday, in the interests of the S. A. work.

TO DISCUSS HOLDING LOCAL SCHOOLS FAIR AT PUBLIC MEETING

A meeting will be held at the Chauvin School, at 7.30 p.m., Friday evening, April 17th, in order that a decision may be made regarding the advisability of holding a local schools fair this year, possibly at the same time as the Chauvin Agricultural Society's fair. The principal of the Provincial School of Agriculture, Vermilion is expected to be present; and also the school inspector.

Notification has been sent to local school boards and teachers, and it is hoped that everyone interested will make an effort to be present.

MILLINERY OPENING

Miss Coleman, of Wainwright, will make her first spring visit to Chauvin on Saturday April 11, with a very up-to-date stock of spring millinery at moderate prices.

DANCE AT BUTZEVILLE TO PROVIDE SCHOOL BARN

Under the auspices of the Butze U. F. A., a dance will be held in the Butzeville school on Friday night, April 10th, for the purpose of obtaining necessary funds for the provision of a barn at the Butzeville school. Ladies are requested to bring baskets.

SILVER WEDDING

On Sunday the 29th of March Mr. and Mrs. A. S. Lavold entertained a large circle of friends and were the recipients of numerous presents to commemorate the 25th anniversary of their wedding day. Mrs. Geo. Jones, Mr. Ralph Knutson, Melvin Lavold and Pritchett Bros. contributed music and songs to the enjoyment of all. Mr. J. Loy in a few well chosen words suitably extended the congratulations of all present, which were feelingly replied to by Mr. Lavold.

CHANGE OF DATE

On account of Friday, April 10 being Good Friday, the dance at Butze which was to have been held on that date will be held on Thursday, April 9th.

W. L. A. NOTES

The regular meeting of the Ladies Auxiliary will be held at Mrs. Hawthorn's home on Thursday afternoon, April 9th at 3 p.m.

"I say, doctor, did you ever doctor another doctor?"

"Oh, yes."

"Well, does a doctor doctor a doctor the way the doctored doctor wants to be doctored, or does the doctor doing the doctoring his own way?"

Sur-Shot for your horses. At this time of the year a dose pays you big dividends in the saving of feed. You cannot expect a horse to thrive or do much when his stomach is full of bot worms and about 90 per cent of western horses have them.

You can rid them out for 50c. per horse with Sur-Shot.

The Chauvin Pharmacy

MUNICIPAL DISTRICT OF MERTON, NO. 451

NOTICE TO OWNER OF CATTLE AND HORSE BRANDS

All ratepayers of the Municipal District of Merton are requested to send in full particulars of their cattle and horse brands for the purpose of having same inserted in the municipal Brand Book.

ELECT WHEAT POOL OFFICERS AT WAINWRIGHT

At a meeting held at Wainwright last Saturday, March 28, a wheat pool organization was effected with members represented from Irma to the Saskatchewan border. On account of the bad condition of the roads only a small number of delegates turned out but the following officers were elected:

President, J. Guthrie, Heth; Vice-President, E. Harrington, Ford, Heath; Directors, C. T. Hill, Irma & Hawkins; N. King, Fabyan; J. Church, Wainwright; B. C. Lees, Edgerton; G. Lasell, Chauvin. The idea is to have an officer for each shipping point. Fred Ford was chosen as delegate to the annual convention.

A Yorkshire farmer was asked to attend the funeral of his neighbors third wife, and as he had attended the funeral of the first two, his own wife was surprised when he informed her that he had declined the invitation.

On being pressed for a reason, he said, with hesitation: "Well, you see, lass, it makes a chap a bit awkward to be always accepting other folk's civilities when he never has anything of the sort to ask 'em back to."

One hand was all he used to steer The other arm hugged Mabel; The car upset, now George is missed From 'round his family table.

"How do you like that new mare of yours?"

"Oh, fairly well. But I wish I had bought a horse. She's all ways stopping to look at herself in the puddles."

THE TREATMENT OF GRAIN FOR SMUT

(Experimental Farms Noe)

Smut diseases of grain are of considerable economic importance and every farmer should know how to combat them for the sake of his own crops as well as for those of his neighbors. The treatments which have been devised are comparatively simple and should find a place in the routine of every farm. The following gives the names of smut and the treatments for same.

WHEAT: Stinking Smut or Bunt: Thorough fanning of the seed grain will remove most of the smut balls. This should be followed by the formalin dip, or sprinkle, which give perfect control. Copper carbonate dust is giving good results and is easier in application, but it has not been tested sufficiently to warrant general recommendation.

Loose Smut: This disease cannot be controlled by seed disinfection because the fungus spores are not carried on the surface of the seed, infection being produced by a small part of the fungus carried within the grain. Hot water treatment is the only means of control.

FORMALINE DIP

Fill bags half full of grain. Add one pint of formalin (40 per cent formaldehyde) to 40 gallons of water, immerse bags in the solution for ten minutes, moving them up and down so as to drive out air bubbles. Remove the bags and allow to drain and then spread out the grain to dry. Be sure not to replace the grain in the bags used for the seed before treatment, but either new bags or ones that have been soaked in the solution and then dried. The solution does not lose strength by use.

Colored glasses for snow-blindness are in special demand this spring. The snow remaining so late and the sun getting very strong, eyes are suffering torture. Get a pair at the Chauvin Pharmacy and have some comfort. Celluloid Frames and Large Lenses—price \$1.00
